# SUSTAINABILITY AT ROMULUS

Romulus believe in a sustainable approach to office space. This means rather than demolishing existing buildings, we re-purpose them into design-led, quality workspaces for the modern occupier.

By doing this, we significantly reduce our carbon emissions and negative impact on the environment, whilst providing sought-after buildings that operate efficiently.

We also upcycle fit outs wherever possible, by retaining and reusing quality materials. This approach typically uses one fifth of the total embodied carbon of a traditional CAT A or CAT B fit out.

As a family-owned organisation, Romulus are committed to doing what we can to find and support sustainable solutions across our portfolio and within our local community.

# CUSTOMBUILD

Should you require a bespoke design, Romulus' CustomBuild team of inhouse experts are on hand to help.

Our interior architects not only work with you to design your perfect office space, they will manage the entire fit out process too, ensuring your workspace is ready for when you need it.

We can even take care of the daily office management, and can cater for all of your IT requirements too, all wrapped up in one simple monthly payment.

# ROMULUS

Romulus is a property development company and workspace provider who own and manage over 1 million square feet of prime office, retail, hotel, and leisure space across London.

Operating for over 50 years, our family-run business acquires and invests in quality, well-designed buildings. Office developments make up the majority of the portfolio with buildings located in Hammersmith, Fulham, Wimbledon, the City of London and King's Cross.

Tenants include AVEVA, BMI Healthcare, Boots, Digital Catapult, Formula E, Love Holidays, Marks and Spencer, Premier Inn, Pret a Manger, Tesco, Tesla and Third Space.

We pride ourselves on managing the entire building lifecycle inhouse, from construction and refurbishment to leasing, management and community engagement. Rather than demolishing existing buildings, our ethos is to repurpose spaces into design-led, sustainable workplaces for the modern occupier.

In 2018 we launched Huddle, our coworking and flexible workplace in Hammersmith, providing workspaces for 140 businesses and over 1,000 members. We opened two additional locations in 2024 with the arrival of Huddle Fulham and Huddle Wimbledon and launched three Huddle cafes.

As the largest commercial landlord in Hammersmith, Romulus also launched the Hammersmith Campus in 2022. Comprising 350,000 sq ft of flexible, managed, serviced, and traditional office space, the Campus provides scalable workspace with additional business benefits for occupiers.
